NOTICE

With the wide spread in price this year between imported and domestic Red Clover, we look forward to an unusual demand for Imported Red Clover especially where it is to be sown for hay, pasture or plowing under.

We give no warranty, express or implied as to description, quality, productiveness or any other matter of any seeds we send out and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned. DURYEA SEED CO., INC.
